

NAMI WHITE MOUNTAINS IS GROWING!

We are making progress in our goal to bring more quality NAMI programs to the people of White Mountains. These programs are free to participants and increase awareness about mental health conditions in our community. Together, we can eliminate the stigma of mental illness.

You can help by joining NAMI White Mountains today. We are a recognized affiliate chapter under the 501 (c) 3 non-profit organization structure.

world sees mental illness.**

White Mountains, AZ

White Mountain's Voice

on mental health conditions,
offering hope and help

... to people living with the challenges of
having a mental illness and

... to the families and loved ones who want to
learn how to better support and encourage.

What is NAMI?

The National Alliance on Mental Illness (NAMI) is the nation's largest grassroots non-profit mental health organization whose goal is to improve the quality of life for people affected by mental illness.

As a nationwide coalition, NAMI encompasses more than 1,200 state and local affiliate groups. Members of NAMI include people living with mental illnesses, families, and friends.

NAMI White Mountains AZ is your local affiliate, all volunteer organization, providing FREE support services and educational opportunities – for people living with a mental health condition and for their families and loved ones so they can better understand, support and help!

All of NAMI White Mountain services are free. We encourage membership as another voice calling for an end to the stigma of mental illness.

As a member of NAMI, you will join forces with parents, spouses, siblings, friends and peers who struggle with mental illness. Your yearly dues allow NAMI White Mountains to continue to provide support, education and advocacy in the White Mountains area.

As a member, you will receive an annual subscription to The Advocate, a national magazine with the latest research, treatments and medications for mental illness.

How can NAMI help YOU and our community?

Support

We offer support meetings for those with mental illness (peers) as well as family and close friends of people with serious mental illness.

Education

We offer family education and peer education.

We provide information at our membership meetings about resources in our community and issues related to mental illness.

We provide presentations and information to community organizations, churches, and partnership organizations.

Advocacy

We support efforts in the community to increase awareness and decrease stigma.

We encourage lawmakers to improve the mental health system.
